

HLD277 – Kitchen, Bathroom & Tile Supply Business for Sale – Midlands, UK

A unique opportunity has arisen to acquire an established high-end kitchen, bathroom and tiles business with a proven track record of 28 years trading. The company has an extensive and loyal customer base as well as solid trade clients including developers, architects and builders.

In addition to supplying and designing luxury kitchens and bathrooms the company can recommend installers to fit the products, from a list of trusted installers, which has been built up over the years of trading. They work closely with these installers to ensure a 5 Star result. This service is then invoiced by the installers directly to the client and is independent from the company. The sale of tiles and their ancillary products is also a key part of the company's core business and provides a steady income stream

Over the years the company has built close relationships with many well-known brand names and holds the exclusive rights to these brands within a demarked area.

The company benefits from a strategic location situated between several wealthy and sought-after areas – the Cotswolds, Warwickshire, Worcestershire and the South Midlands. Easily accessible and with ample parking, the location forms part of a small retail park featuring complementary businesses; these include the area's leading luxury brand furniture retail showroom, a designer light shop and carpet shop.

The company has an outstanding reputation both for the quality of its work and its customer service. It also benefits from being a destination showroom with the largest selection of inspirational displays in the area. As a consequence, it attracts clientele by strong word of mouth, repeat business and personal recommendation.

Its work has been selected to feature in leading lifestyle publications such as 'Beautiful Kitchens' and 'Utopia Magazine'.

Post Covid, demand for home improvement is high and the business is having to turn work away due to not having the resources to meet such high demand levels. There is much potential for serious growth if new owners were to expand the reach of the business

Highlights

- Established and exclusive
